CAREER SUMMARRY

I am a Security Engineer, who loves to explore Softwares from different angles (Security, Frontend, Backend), I keep on improving my skills by reading, researching and developing (small projects), i try to learn the concepts in a way that i can EXPLAIN it to others. This helps me to increase my Knowledge & Experience. I always try to learn concepts from different ways so that i can fully decode and relate with it. I am very much curious to learn something new and always try to challenge myself.

Work Experience

Security Engineer

2018-Present

SafeSquid Labs

My Role requires me to be flexible enough to understand the Enterprise Security Requirements, Understand how Web Apps works, how to understand, troubleshoot & test Web Apps working and being able to apply policy based restrictions on it.

One Area of my work focus on Setup & Troubleshooting, where i understand how a webapp or app connects to internet, supports(acknowledges) proxy or not, which all domain it connects to.

I Work Closely with the NOC & SOC team to identify problems faced due to website/application broken functionality, which can be caused by Content-Filtering solution or Firewall restrictions.

I handle the Understanding of the Product, Testing of the Product, Product Demonstration, Product Demo Setup, Product Support. My Testing includes First Fully Understanding the Core Functionality of the Product (SafeSquid-SWG) and then Testing it to verify that it actually accomplish the desired goals. I also handle the Application Security Testing part where i provide a detailed report on the Security Vulnerabilities of the Product. one part of my work focuses on finding the Bugs & issues related to product found in the testing phase or at the client side.

- Testing using #OWASP Top 10 Methodology
- Internal Application Security Testing (Burp Suite, Fiddler, Postman, MitmProxy, Curl & Manual Approach)
- Leading Multiple Projects and Team
- Product Demonstration To Client
- New Product Configuration and Deployment
- LDAP/ICAP Configuration & Integration with Product
- Product Configuration Review
- Testing the SafeSquid-SWG for any kind of Functionality and Security related Bugs.
- Testing Includes: #SSL Inspection related bugs, #DLP related bugs, #XSS, #Fuzzing.
- Product Plug-in Development (JavaScript, Python, Bash)
- Client Support Engineering (Troubleshooting)

Job Skills:

Security Testing Linux Web Development Scripting Content-Filtering Troubleshooting DLP DNS Security Fuzzing Networking

Network Engineer

2017-2018

EKids India

My Role requires me to be able to test and keep all systems up, running & working as expected. I indulge in troubleshooting problem faced by users either due to Firewall Policy, AD Group Policy. I make sure that any BYOD or Internal System connects to internet properly and safely as per the restriction policy enforced. My job also includes making sure that hardware maintenance is done timely.

I help them in managing the Setup, Solving any kind of hardware and software installation & troubleshooting.

- Maintain the Cyberoam Firewall
- Creating Network Restriction Policies
- Logging and Monitoring Events to understand flaw in the Network Restriction Policies
- Microsoft AD User Group management
- Troubleshooting & Analysis

Tools:

Curl OpenSSL Wireshark Tcpcat Browser Developer Tools BurpSuite Fiddler Nmap MITM Proxy PI-Hole(DNS) Putty

Education

BSc (Spec. in IT)

Patkar Varde College(Goregoan)

2014-2017

HSC (With Maths)

Thakur College(Kandivali)

2012-2014

SSC

Children's Academy(Kandivali)

2012

Awards & Laurels

Buildbox Training

Rapid Game Development(College Tech WebSession)

Trained Students on how to use Buildbox and create their own games.

Bootstrap Session

Web Development(College Tech WebSession)

I showed how a simple login form, or a simple website can be retransformed and made attractive & responsive just by importing bootstrap and using it classes

JavaScript World

Web Development(College Tech WebSession)

I taught form validation, different event handlers, where to use and how they help etc.

Personal Qualities

Listening, Understand & Analyzing Problems

Software Lover & Explorer

Problem Solving & Observational Skills

Teaching is what i Love, If i know somethings I love to teach it to someone
